Raga-Mala strives to help newcomers and long-time audience members develop their understanding of the rich and historic Indian culture.

As part of this effort, this area of the web site serves as a collection of information, articles, and links about:

- Indian music
- Indian dance
- Indian vocal

We are proud to have hosted a wide variety of talent at our Edmonton concerts, and have been compiling biographical information of some of these artists. [View artist bios](#)

Also: learn music-related terms in our [glossary](#).
